Local Curriculum

Community Engagement

Te Tiriti o Waitangi

Learning & Achievement

2025 Targets

Growing as a culturally responsive school meeting the needs of all our learners. Developing a sustainability program throughout the school.

Develop strong community connections
Meeting the emotional and social needs of all our students

Giving effect to Te Tiriti through an integrated approach, having strong links to Mātauranga Māori through planning.

Building staff capacity and capabilities to effectively implement the new curriculum in Maths and English

Intiatives

We will...

Plan out the different cultural weeks we could cover in 2025 and advertise in advance.
Plan a sustainability sensory garden
Have animals in the school.
Develop a sustainability cycle.

Community Consultation 2x a year
Engagement and partnership with our community
Expectations developed around Student led conferences
Positive Behaviour for Learning (PB4L) developed within the school

Mātauranga Māori is integrated and evident throughout teachers planning.

Te Reo Māori is taught daily

Te Reo words shared home

Structured literacy professional development
Maths no problem resources and online PLD in using the resources effectively
Assessment for learning professional development and reflection on practice
Whole school inquiry into writing - how to be effective in this space.

Success

So that ...

Celebrate a language week each term
Staff confidence in having culturally responsive practice.
Sustainability Cycle evident around the school
Chickens in school

Parent engagement and Feedback recorded- used for future planning
Student led Conference rates 90%
PB4L will have an impact on student behaviour, wellbeing and engagement.
Student leadership program will be running in the school

Te Reo will be heard in the classrooms daily
Teachers will have a list of words they can confidently use each day (which will also be shared home)
Kool to Korero Video will be created by students to share their knowledge
Students will be able to share what they know in the Mātauranga Māori space.

Improved reading and writing results
Teachers will be tracking students results in the new maths curriculum
Each class will have target students to track
Implementation of assessment for learning strategies in planning and through student feedback.
